

But Anyway

(Music Thijs van Leer/Lyrics Mike Hayes - April 1986)

I didn't know what love was yesterday
But I know what it is today.
I didn't know what her name was yesterday
But I know what it is today.
I fell deeply for her blue eyes
And her funny turned-up nose
But anyway
That's the way life and love goes
A love that comes, a life that goes.

It was a whirling, dancing carnival
That just goes on and on and on.
Dancing through the night and through the day
Through the moon and through the sun.
I tied a ribbon in her blonde hair
She tied a string around my heart
But anyway
There comes a time when you must part
When you must stop to make a start.

I don't know where I'll be tomrrow night
But I sure know where I am today.
And I know that we had a lovers' fight
When you say what you shouldn't say
She doesn't know that I exist now
She didn't even say goodbye
But anyway
No need to ask the reason why
Another lady caught my eye.
But anyway!
